

UNITED STATES DEPARTMENT OF AGRICULTURE
FOREST SERVICE

Washington, D.C. 20250

NOV 9 1976

2710

Honorable Alan Cranston
United States Senate

Dear Senator Cranston:

This is in reply to your October 6 referral of a letter from Ms. Jean Koch of Sacramento. Ms. Koch asks your intervention into the proposed termination of a cabin permitted in Mineral King Valley to Mrs. Barboni.

The cabin involved is permitted to L. C. Barboni. The 1957 special use permit authorizing this cabin provided for termination as of January 1, 1975, if the site is needed for a public use. For some time, the visiting public has been parking near the Barboni cabin, but largely on privately owned land. The landowner proposed to close his land to public use. The Forest Service, in turn, proposed to terminate the cabin permit and accommodate the public parking needs at the cabin site. We are happy to report that the public parking needs at the cabin site has been temporarily resolved and the Barboni cabin will be permitted to remain on a year-to-year basis.

Thank you for the opportunity to provide this information.

Sincerely,

OWEN T. JAMISON

JOHN R. MCGUIRE
Chief
